

# Love Food Hate Waste

When disposed to landfill,  
organic matter, including  
food waste, contributes to  
climate change.

# Love Food Hate Waste

Organic material makes  
up about half of what  
Queenslanders throw away in  
their wheelie bin each week.

# Love Food Hate Waste

Australian households waste  
2.5 million tonnes of food  
each year, or more than four  
kilograms per household  
per week.
